

LOCAL NEWS.

DEATH OF MR. JOSEPH SLATER.—Mr. Jos. Slater, the well known florist and fruit-culturist, whose illness was announced in our last issue, died Sunday morning, about 11 o'clock, at his residence in Dinwiddie county, just beyond Butterworth's bridge. Mr. Slater was about thirty-eight years of age, and leaves a wife. He was taken sick last Wednesday morning at the Centre-market, and his disease, which seemed to be pneumonia, complicated with some other disorder, ran its course rapidly. Mr. Slater was a native of Alexandria, and came to Petersburg soon after the war. He was remarkably successful as a florist and fruit-grower, and as such gained a wide reputation. He was the owner of one of the most highly cultivated little farms in the whole section of country, and his extensive green houses were filled with the rarest and most beautiful flowers. His death will be regretted by many in this community.

It is remarked as a very singular circumstance in connection with his death, that a few nights ago he dreamed he would die on the fourth of July. After he was taken sick this dream was brought vividly to his mind, and caused much uneasiness. He died, as stated above, on the fourth. He quietly made his will and arranged as to the disposition of his property on Sunday morning, a short while before his decease.

The father of Mr. Slater arrived only a few moments after his death. The funeral took place yesterday evening from the residence, and last night the remains were taken to Alexandria. —Petersburg Index.

FIRE.—The alarm of fire at half-past five o'clock this morning was caused by the burning of the large brick building between the city gas works and Fishburne known as Makeley's distillery. The whole inside of the building, together with the machinery and vats, and the roof were destroyed. The property belongs to Mr. Wesley Makeley, and is insured for \$2,000 in the Albemarle Company of Charlottesville, and \$1,500 in the Merchants' and Mechanics' Company of Richmond, of both of which Major George Johnston is the Alexandria agent. The Fire Department was speedily on the ground and at work, and it is due solely to its exertions that the flames were confined to the building in which they originated. The distillery had not been in operation for some time past, and the fire is supposed to have been the work of an incendiary. Mr. Makeley's loss is estimated to be about fifteen hundred or two thousand dollars over the sum for which it is insured. The roof of the building on the corner of Union and Princess streets, belonging to Mrs. Hurdle, but occupied by a colored man named Morgan, caught fire during the conflagration, from the flying sparks, but the burning shingles were pulled off, and the fire extinguished before any damage was done.

FIRE SCHOLARSHIPS.—Some enquiry having been made relative to the scholarships, mentioned in yesterday's Gazette, the Superintendent of Schools, requests us to say that the cost of board, &c., at Agricultural and Mechanical College is about \$150 a year; varying with the accommodations required, as most of the students board out of college. The session begins on the 13th of August, and those desirous to enter should apply at once.

The "Farmers' Scholarship" at the University of Virginia is to be conferred by the young men of Loudoun, Fairfax, and Prince William, as well as Alexandria, and applications are to be sent to "James F. Harrison, University of Virginia," before Sept. 20th, when appointments will be made. The scholarships are: Natural History and Agriculture; General and Industrial Chemistry; Agricultural Chemistry and a prescribed course in Analytical Chemistry; Natural Philosophy; Mathematics; History and English Literature.

The scholarship at William and Mary will involve the payment of \$180 board.

PRINCE WILLIAM RACES.—The summer meeting at the Haymarket Race Course was held yesterday. It was attended by a large number of persons from the immediate neighborhood, surrounding country, Washington, Baltimore, and this city. The first race was for a purse of \$100 between W. H. Smith's sorrel horse and Mr. Rowe's bay mare, and was won by the former. The second for \$150, between Mr. Lywood's brown horse and Mr. Thorpe's bay mare, was won by the latter. A hurdle race between Mr. Lywood's sorrel mare, Effie Dean, and Mr. Rowe's black mare, Flora, and Mr. Thorpe's brown horse, Bill, was won by the former. The only incident to mar the occasion was an accident to Mr. Marshall, of Warrenton, a law student in the office of Gen. Payne. He was thrown from a colt he was riding and had his arm broken near the wrist. Dr. Ward, of Warrenton, and Dr. Payne, of Greenwich, who were present, set the fractured limb and rendered the other required surgical assistance.

SEMINARY ITEMS.—The Southern Churchman says:—At the late meeting of the Society of the Alumni of the Theological Seminary of Virginia, measures were instituted for erecting a monument to the late Rev. Dr. Sparrow, and for placing a marble tablet in the chapel of the Seminary to the memory of the late Dr. May. Rev. J. P. Lawrence will have charge of St. John's Chapel, West End, and Sharon, a few miles further out in Fairfax county, till October. It is understood that the trustees of the Theological Seminary have under consideration the expediency of inviting suitable persons to deliver lectures to the students on various subjects, and that a committee has been appointed, with discretionary powers in the matter.

POLICE REPORT.—The following cases have been reported at police headquarters since yesterday afternoon:

Francis Schmidt, for an assault upon her husband, George Schmidt, and mashing his head with a brick, was, in default of bail, committed to jail for her appearance at the next term of the Corporation Court.

Thomas Helms, Julius Harriott, Charles Johnson and Charles Anderson, colored, for disorderly conduct at the intersection of Fairfax and Prince streets, were fined and discharged.

Lizzie Davis and Molly Beal, colored women, for fighting and disorderly conduct in "Petersburg," were fined and discharged.

"Go THOU, AND DO LIKEWISE."—One of our teachers was surprised, this morning, by the entrance of a fine looking young man whom he failed to recognize, but who expressed a desire to settle a school bill, the last item of which was contracted one year ago, and which was, of course, out of date. After some search he found his old books, and the young man promptly paid him the amount due for his tuition—more than a hundred dollars. The teacher expresses the hope that some few others of the hundreds who owe him old bills may be moved to follow the example shown by this honest young man.

HYDRAULIC STEAM FIRE ENGINE CO.—A regular meeting was held last night, Richard L. Carne, 1st Vice-President, in the chair, and G. W. Dix, Secretary.

Two gentlemen, proposed at the last meeting, could not be balloted for, a majority of the Executive Committee being absent.

The President was authorized to sign such papers, under seal of the Company, as might be required to comply with the compromise made by the city in the suit of Swain vs. the Hydraulic Steam Fire Engine Company.

The Auditor has up to date received from dock licenses issued by him the sum of four hundred and sixty-nine dollars.

LOCAL BREVITIES.

The Culpeper Times says a number of colored persons arrived there from Washington and Alexandria. The order of Chadians, preceded by a band of music marched through the streets at night a ball in Hill's building, and in the morning all was quiet again. They conducted themselves with marked propriety, though some of the colored "fair sex" objected to the size of the town—it was so little.

The whole of "Petersburg" and all the regions around about were aroused this morning by a fight between two infuriated colored women, Lizzie Davis and Molly Beal. Fortunately the combatants had no other weapons save those provided by nature, but they made good use of those, and literally tore each other up.

D. N. Walker, Hugh W. Shoffey Tazwell Taylor and Bishop Whitte, trustees of the Virginia Female Institute at Staunton, were present at a called meeting of the trustees of that institution at the Mansion House, in this city, to-day.

The contractors for lining the new reservoir of the Alexandria Water Company have not yet commenced that work but as they have until the 1st of November to complete it they are not pressed for time.

Samuel Tenneson jr., was injured so severely at the fire this morning by breathing hot air that he was taken with convulsions this afternoon, and was ill at last accounts.

The temperature to-day is decidedly more agreeable than that of yesterday, the thermometer standing, in the shade, at noon, at 90°, and a good breeze blowing.

Among the marriage licenses issued in Washington yesterday and published in the papers of that city was one to George W. Brent and Harriet Murphy, of Alexandria, Va.

GRAND JURORS.—The following is the list of grand jurors summoned to serve at the July term of the Corporation Court, which will meet on Monday next: E. H. Stanton, J. T. Hill, J. S. Greene, G. C. Hewes, J. E. Green, G. L. Simpson, G. H. Kerby, J. W. Padgett, F. G. Swaine, G. H. Robinson, Henry Strauss, F. L. Brooket, Thomas Perry, E. J. Lloyd, T. V. Rishell, R. F. Prettyman, H. S. W. Barker, M. D. Corse, M. Eldridge, D. E. Whitmer, John Hawthurst, R. J. Edelin, and S. F. Gregory.

FATAL ACCIDENT.—A little colored boy named Eddie Dodson, whose father is employed at the tan yard, while playing about the railroad track that runs by that place, this afternoon, had his head caught between the bumpers of two freight cars and mashed to such a fearful degree as to cause his death.

DEATH OF A BUTCHER.—Benj. F. Huot, the well-known butcher, died quite unexpectedly on Monday, the 28th ult., at his home here, of congestion of the brain, aged about 48 years. Deceased was a native of Culpeper county, Va., but resided on the Heights for many years, and transacted a large and successful business. Georgetown Courier.

Collars that do not need washing are desirable articles. The Elmwood and Warwick are the only collars made that keep clean longer than two days.

To reach the highest standard of health, nature demands the utmost regularity of the bowels; a slight deviation brings many inconveniences and paves the way to more serious dangers. We can recommend Dr. Bull's Vegetable Pills as the best medicine for the needs of the digestive apparatus.

BY TELEGRAPH.

From Spain.

MADRID, July 7.—General Dorregaray with fourteen battalions, comprising almost the entire Carlist force in Valencia and Aragon, has rapidly crossed the Huesca and Lerida Railway, between the stations Tordienta and Selgiera, and retreated in the direction of Barbastro. It is believed that he is going to Magal, but as he lacks cavalry to operate in that district, which is free of mountains and full of liberals, it will be impossible for him to remain there. The Carlists traversed ninety kilometers in one day. Their flight liberates four provinces.

LONDON, July 7.—The Times of to-day in a leading editorial article summarizing the military and political situation in Spain, gives a gloomy view of the Alfonsists cause. It says recent minor successes of Jovellar have been outweighed by reverses elsewhere. The Carlists seem about to begin a forward march. All the bright hopes that Alfonsists brought to Spain have vanished, and his best generals are less efficient than heretofore. They have not met defeat instead of victory. The King has not been more successful in Madrid. He has failed to satisfy the Church and has enraged the liberals, hence the ministry seem ready to try the effect of as much religious toleration as will permit Protestants to worship in back streets, but such concession will disgust the clericals, and not satisfy Alfonsists' political supporters. Neither has the King made peace between the warring factions. The press is muzzled to prevent it from being displayed, and there are no funds to pay the army or navy.

The Long Island Railroad Accident.

NEW YORK, July 7.—It is now definitely known that but seven persons were killed by the railroad accident on Long Island Monday afternoon. Jesse M. Hibbard, conductor of the eastward bound train, was literally crushed and torn to pieces, being injured all over, and most of his bones broken. His death was instantaneous. Mr. Thurman was caught between two cars and both legs severed at the top of the thigh. His death was almost instantaneous.

An accident occurred yesterday in removing the wrecked cars that is likely to prove fatal. The coupling pin of one of the cars slipped from its place and was thrown with such force against the stomach of an O'Laughlin, the foreman of a gang of trackmen, as to leave its impress on his flesh. He was taken with violent vomitings and is not expected to live.

Storm.

BOSTON, July 7.—Reports of damage done by the severe storm of last evening are numerous. The Deacon Kimball house at Littleton was struck by lightning and entirely consumed; loss \$3,000. Many buildings in this city and suburbs were injured by lightning, and the occupants stunned. No serious loss or actual deaths are reported.

Worcester, July 7.—Reports of houses struck by lightning yesterday afternoon came from all parts of the country. In Shrewsbury Thos. Kelley, aged 19 years, was killed while at work in the field. In Holden, Mrs. Collier was killed, and her two daughters were rendered unconscious, and one of them had not recovered at last accounts.

Italy and the Centennial.

Rome, June 7.—The Opinions announced that the Ministerial Commission appointed to consider whether Italy shall participate in the Philadelphia Centennial Exhibition, has decided in the negative on account of the considerable expense necessary. The Washington government has been so informed.
